- ✓ Protection for accidents, hospitalisations and serious medical conditions
- ✓ Medical evacuation and repatriation to her home country
- ✓ Affordable cover as she is on a tight budget

She should consider:

- SimpleCare CORE, which covers Sarah for all her major health needs
- A high annual in/day/out-patient deductible such as USD 5,000/SGD 6,500 which will reduce her premium

Why is this a good option:

- Full cover for hospital, surgery and cancer treatment if she receives in/day-patient treatment in Singapore Public Hospitals or outside Singapore
- Evacuation and repatriation cover up to USD 100,000/SGD 130,000
- Access to our award-winning service and digital tools

- ✓ Protection for accidents, hospitalisations and serious medical conditions
- ✓ Basic cover for minor day to day medical expenses, such as GP visits

- *A low annual in/day/out-patient deductible such as USD 250/SGD 325, so he only has a small amount to pay once a year to access his plan*

Why is this a good option:

- *Full cover for hospital, surgery and cancer treatment if he receives in/day-patient treatment in Singapore Public Hospitals or outside Singapore*
- *Up to USD 1,000/SGD 1,300 per year to access out-patient care, drugs and dressings, physiotherapy and complementary medicine*
- *Access to our award-winning service and digital tools*

They are local nationals who are concerned about the quality of healthcare provision available to them in their home country. They are looking for:

- ✓ A plan that ensures they can access the quality providers both locally and abroad
- ✓ A reasonable level of cover for both serious medical conditions and the costs of day to day medical treatment, including dental
- ✓ Affordable cover for their whole family

They should consider:

- *SimpleCare 250, which covers the family for all their major health needs, as well as up to USD 2,500/SGD 3,250 worth of out-patient treatment including dental*
- *A nil annual in/day/out-patient deductible, so they can access their plan with no up front cost to pay unless they choose to receive in/day-patient treatment in non-Singapore Public Hospitals in Singapore*
- *They could also choose one of our risk-management tools for out-patient treatment, such as a 20% co-insurance, to help them keep their cover affordable*

Why is this a good option:

- *Full cover for hospital, surgery and cancer treatment if they receive in/day-patient treatment in Singapore Public Hospitals or outside Singapore*
- *Up to USD 2,500/SGD 3,250 per year per member to access out-patient care, drugs and dressings, physiotherapy and complementary medicine*
