

International health insurance for Oil and Gas SMEs

Providing budget-friendly global protection

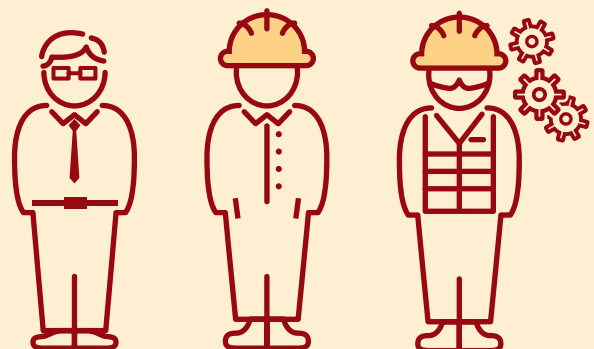

We understand the demands contractors face when

working with large oil companies. While the industry relies on SMEs to fulfil specialist technical services, the onus is on you to ensure that you fulfil your duty of care by protecting the wellbeing of your globally-mobile employees and their families.

Now Health International has developed an international health insurance programme specifically for SMEs in the Oil and Gas industry to provide a comprehensive, cost-conscious solution that delivers immediate value for you and your team.
