They appear to be in a meeting or discussion. The scene is reflected on a glossy floor. A semi-transparent purple box is overlaid on the left side of the image, containing the text 'Introducing WorldCare'.

# Introducing WorldCare

WorldCare is one of the most comprehensive, benefit-rich products in the international health insurance market today. There are four levels available: Essential, Advance, Excel and Apex. This means you can select the level of cover you prefer to suit your lifestyle, from basic medical treatment, to a more comprehensive package.

## WorldCare Essential

is the most affordable package for people who want to be sure they can access in-patient and day-patient hospital care when they need it, while minimising their health insurance costs.

## WorldCare Advance

covers you for all-round medical care for in-patient, day-patient treatment and out-patient care including GP and specialist appointments, physiotherapy and alternative therapies.

## WorldCare Excel

covers you at higher benefit levels than Advance for in-patient, day-patient and out-patient treatment and includes routine and complex dental care.

## WorldCare Apex

is the highest level of cover. With very high benefit limits, it includes in-patient, day-patient, out-patient, routine and complex dental treatment, and routine maternity care.

WorldCare

*You can shape the cover you want by adding the following options providing a more comprehensive package for your employees.*

*See how you can take advantage of your WorldCare plan today!*

- We also have a range of annual **In and Day-Patient Deductibles** to suit your lifestyle. Deductibles give you greater flexibility to tailor your plan to your needs – from a high deductible to reduce your premium, to a low or nil deductible if you expect to use your plan frequently.

- If you choose an optional Deductible, on WorldCare Advance, WorldCare Excel or WorldCare Apex, you must also select a Co-Insurance Out-Patient Treatment option or an Out-Patient Per Visit Excess option. On WorldCare Essential if you choose an optional Deductible and an Out-Patient Charges option, you must also select a Co-Insurance Out-Patient Treatment option.

- Select **Extended Evacuation and Repatriation** and select **USA Elective Treatment** to give you greater peace of mind if you need to travel abroad.

- Add options of **Wellness, Optical and Vaccinations, and Maternity** for added flexibility

- You can have an **Out-Patient Per Visit Excess** of either USD 25 or USD 15 per visit to an out-patient medical practitioner
- Choose the **Co-Insurance Out-Patient Treatment** option – pay either 10% or 20% of your out-patient treatment. There is a premium discount associated with this option based on the co-insurance you have selected.

- **Medical History Disregarded** – where we may be able to offer cover without asking for detailed medical information on your employees up-front (for compulsory group plans with 10 or more employees)
