How to use your plan?

We've designed our plans to be simple for your group members to use and for you to manage with our state of the art digital tools.

	Accessing In-Patient Treatment:	If one of your group members needs to be admitted to hospital for day-patient or in-patient treatment, they must contact us first to request treatment pre-authorisation. We will then place a guarantee of payment with the medical provider so they don't need to pay anything.	
	Find a Medical Provider:	Before seeking treatment your group members can use our Find a Medical Provider Tool to find a medical provider. This can be accessed online via:	
		2) Our smartphone <u>'Now Health' App</u> available for iPhone and Android; or	
		3) <u>Our secure online portfolio</u> .	
<u></u>	Accessing Out-Patient Treatment:	If you select a plan that includes out-patient benefit, your group members can go to any medical practitioner of their choice or in our network, pay for their treatment and claim back their expenses online.	
	Make a Claim:	If your group members have paid for out-patient treatment and need to submit a claim for reimbursement, they can do this in one of two ways, either via:	
		1) Our <u>smartphone App</u> for iPhone and Android; or	
		2) via <u>their secure online portfolio</u> .	
		They simply need to complete the online form and remember to attach any receipts or diagnostic reports. Your employees will receive a notification to acknowledge receipt of their claim and they can track the status on their secure online portfolio.	
	Manage your information from anywhere:	Our secure online portfolio is designed to make it easy to access all your plan information in just a few clicks. You and your group members can use your secure online portfolio to:	
		Group members:	Group Administrators:
		Download their virtual membership card and add it to their smartphone wallet	View and download plan documents, including certificate of insurance
		Submit and track the status of their claims	Add and edit members to your group plan
