How to use **your plan?**

We've designed our plans to be simple for your group members to use and for you to manage with our state of the art digital tools.

| | | | |
|---|---|---|--|
|  | Accessing In-Patient Treatment: | If one of your group members needs to be admitted to hospital for day-patient or in-patient treatment, they must contact us first to request treatment pre-authorisation. We will then place a guarantee of payment with the medical provider so they don't need to pay anything. | |
|  | Find a Medical Provider: | Before seeking treatment your group members can use our Find a Medical Provider Tool to find a medical provider. This can be accessed online via: | |
| | |  1) Our website , | |
| | |  2) Our smartphone ' Now Health' App available for iPhone and Android; or | |
| | |  3) Our secure online portfolio . | |
|  | Accessing Out-Patient Treatment: | If you select a plan that includes out-patient benefit, your group members can go to any medical practitioner of their choice or in our network, pay for their treatment and claim back their expenses online. | |
|  | Make a Claim: | If your group members have paid for out-patient treatment and need to submit a claim for reimbursement, they can do this in one of two ways, either via: | |
| | |  1) Our smartphone App for iPhone and Android; or | |
| | |  2) via their secure online portfolio . | |
| | | They simply need to complete the online form and remember to attach any receipts or diagnostic reports. Your employees will receive a notification to acknowledge receipt of their claim and they can track the status on their secure online portfolio. | |
|  | Manage your information from anywhere: | Our secure online portfolio is designed to make it easy to access all your plan information in just a few clicks. You and your group members can use your secure online portfolio to: | |
| | | Group members: | Group Administrators: |
| | |  Download virtual membership card |  View and download plan documents, including certificate of insurance |
| | |  Submit and track the status of their claims |  Add and edit members to your group plan |
| | |  Submit requests for treatment pre-authorisation |  Download management information reports |
